

CONTROL BOXES

SWITCH CONNECT

The connected clock for economical and responsible management of your pool

CONTROL BOXES

SWITCH CONNECT

In situ model

+ products

Ultra accessible:

- Control your pool from home or outside, at the office or on holiday, with an easy wifi connection (2.4 GHz frequency, not compatible with 5 GHz).

Practical:

- With your smartphone you can manage the filtration time, booster pump, and control the lighting for your pool.
- Fits on all control boxes up to 900 W (AC1) and 140 W (AC3).

Evolutive:

- The optional air temperature sensor can replace a frost protection box.
- Optional water temperature sensor to adapt your filtration time thanks to specially developed algorithms.

ALSO

The LivePool environment includes also a connected cover and a connected treatment (pH and chlorine).
