

SALT CHLORINATOR
PREMIUM

**The 3-in-1 water treatment
for a perfect control of your consumption**

LCD screen and touch pad

SALT CHLORINATOR PREMIUM

+ 3-IN-1

- Latest generation of salt cells
- The ORP sensor perfectly analyses your pool needs for disinfection and adjusts the chlorine production
- The pH regulator analyses and corrects the pH in real time
- Polarity inversion helps:
 - to slow the cells' ageing
 - to reduce the formation of rust and calcium on the cells

+ EASY TO USE

- LCD screen easy to read
- Touch screen with easy to access values for chlorine production, salt levels, temperature, pH, ORP and the lifetime of the cells
- Intelligent auto-test with saved data

+ 100% USEFUL MODES

- "Boost" mode for high-frequency use or for extreme weather conditions
- "Autocover" mode to reduce the chlorine production to 20%; connector included
- "Winterizing" mode to protect the cells when the water temperature is less than 15 °C
- The "Cross" cell body allows for various adaptations in the pool room

Multi-function cells

USEFUL TO KNOW

- "Autoprotect" mode signals when there is not enough water, salt, or pH overdosing
- **Recommended salt level:** between 4 and 5 g/L
