VITALIA

FILTRATION & WATER TREATMENT

WATERCOM VITALIA

+ COMPLETE

- All-in-one solution for pools up to 60 m²
- Includes a sand filter and its 6-way control valve, a filtration pump 15 m³/h and its flow regulator, a pH/redox control system, a mounting plate, a control panel and all necessary fittings and tubings

+ PRACTICAL

- Fast installation in less than one hour
- Ultra compact on its 125 x 83 x 100 cm mounting plate for a clean and clear technical room
- Pre-mounted and pre-wired equipments

Pre-assembled injection points

+ ECONOMICAL

- Half a day saved on installation
- Variable flow filtration pump allows energy savings
- Less use of chemicals through the automated water treatment

▶ ALSO

Low noise level
thanks to the integrated flow regulator

Integrated pH and Chlorine dosing pumps
